DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Crozier on 10 March 2004.

The application has been amended as follows: Cancel claims 17-22.

Allowable Subject Matter

Claims 23, 24 and 26-42 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or teach a linear stepping motor having a stator structure including annular disks of a high lubricity material spacing apart elements of the stator structure and serving as bearing surfaces in combination with the other features of claims 23 and 24.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Feucht 3,620,133 A discloses annular disks of a high lubricity material (i.e., Teflon) used as a bearing material with metallic disks interspersed between the high lubricity disks for the purpose of dissipating heat from the high lubricity disks. While utilizing such disks in a prior art shaft type linear motor would produce a device similar to the claimed invention, no motivation has been found for making such a combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Judson H. Jones whose telephone number is 571-272-2025. The examiner can normally be reached on 8-4:30 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Darren Schuberg can be reached on 571-272-2044. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
